SEPTEMBER: dahlia, cosmos, amaranth, cleome, black eyed susan

Decorating Ideas

- **Dessert/Cake Display:** Consider setting it up in the Pavilion. Displaying the cake in the doorway that is open to the Lake makes for beautiful photos with the Lake in the background.
- **Welcome Table:** If you are having your ceremony in the meadow, many couples place a welcome table at the beginning of the path to the meadow and often include a guest book, gifts, programs, or even pass out cold beverages on a hot day or have bug repellent available for guests.
- **Adding String Lights over the Patio:** You will need to bring 225 ft. of lights. Patio is 16ft x 53ft. For easy installation, there are hooks on every tree and a power source at the end of the patio. There is a utility light at one end of the patio, it provides functional lighting.
- **Using Garlands:** Have you thought about decorating the poles at the entrance to the path leading back to the meadow? This is a great place for garlands.
- **Additional Tents for Weather Coverage:** When reserving tents from a rental company please note that tents must be weighted down as stakes in the ground aren't permitted. If adding rental tents, don't forget the lights inside the tent.

**FYI: You do not need a gate code for your Rehearsal or Wedding/Event.
We will have the gate open for you and your guests.**
